## ADELINO ( BV2-13 ) Light Duty Multistage Water Pump 2HP (1.5kw)

Call for price ( 01728262625 )

Model: BV2-13

Connection Type: Male thread

Q: 2 m<sup>3</sup>/h

H: 98 m

Motor: 220 V / 50Hz 1.5 kW

N.W.: 35 kg

G.W.: 41 kg

### Features of ADELINO Multistage Water Pump 2HP (1.5kw):

- **Multistage Design:** Employs multiple impellers in series.
- **2 HP (1.5 kW) Motor:** Provides a specific power output for water transfer.
- **Light-Duty Construction:** Indicates it's designed for specific, likely less demanding, applications.

- **Model BV2-13:** A specific identifier for this pump model.
- **Flow Rate (Q): 2 m<sup>3</sup>/h:** The maximum volume of water the pump can move per hour.
- **Head (H): 98 m:** The maximum vertical height the pump can lift water.
- **Motor Specifications: 220 V / 50 Hz / 1.5 kW:** Indicates the electrical requirements for operation (voltage, frequency, and power consumption).
- **Male Thread Connection:** Specifies the type of inlet/outlet connection.
- **Net Weight (N.W.): 35 kg:** The weight of the pump itself.
- **Gross Weight (G.W.): 41 kg:** The weight of the pump with packaging.
- **Box Size (mm): 840 x 330 x 320:** The dimensions of the packaging.

### Benefits ADELINO Multistage Water Pump 2HP (1.5kw):

- **High Pressure Generation:** The multistage design allows the pump to develop significant pressure, making it suitable for applications requiring high head.
- **Efficient Water Transfer:** The multistage system can often move water efficiently within its specified flow and head range.
- **Suitable for Moderate Flow Requirements:** A flow rate of 2 m<sup>3</sup>/h can be adequate for various domestic or light commercial uses.
- **Capable of Lifting Water to Significant Heights:** A 98-meter head means it can pump water to elevated tanks or over considerable vertical distances.
- **Standard Electrical Compatibility (220V/50Hz):** Compatible with common electrical systems in many regions (including Bangladesh).
- **Relatively Compact Packaging:** The provided box dimensions suggest a manageable size for transportation and storage.
- **Manageable Weight:** A net weight of 35 kg allows for relatively easier handling and installation compared to heavier industrial pumps.
- **Defined Connection Type:** The male thread connection simplifies the process of connecting to pipes and fittings.
- **Specific Model Identification:** The BV2-13 model number allows for easy identification of parts, manuals, and technical specifications.

### Why Choose Aquafit Technologies for Your Water related product

**When it comes to selecting a water related product, Aquafit Technologies stands out as a top choice for several compelling reasons. Here's why our clients prefer us over others:**

- 1. Economical Pricing:** We offer high-quality product at competitive prices, ensuring that you get the best value for your money without compromising on quality.
- 2. Rapid Service:** Our dedicated team provides quick and efficient service, addressing any issues or queries promptly to ensure your purifier remains in optimal condition.
- 4. Extensive Service Network:** With over fifty service centers across Bangladesh, we ensure that help is always close by, no matter where you are.
- 5. Affordable Parts:** We provide parts at the lowest prices, making it economical to maintain your product and keep it running efficiently.
- 7. 24/7 Service Centers:** Our service centers operate around the clock, offering support whenever you need it, including evenings and weekends.
- 8. 100% Return Policy:** We stand by the quality of our products with a 100% return policy on any default items, ensuring complete customer satisfaction.
- 9. Client Satisfaction First:** At Aquafit Technologies, we prioritize client satisfaction above all else, striving to exceed your expectations with every interaction.
- 10. Flexible Payment Options:** We accept payments through more than 20 bank cards and mobile banking services, making transactions convenient and hassle-free.

**Choosing Aquafit Technologies means opting for quality, reliability, and exceptional customer service. Experience the difference with our top-rated products and join the many satisfied clients who trust us for their water purification needs.**
