Electric Auto Float Valve

Call for price (01728262625)

Product Description of Electric Auto Float Valve:

The **Cable Type Floating Switch Water Level Controller** is a reliable and versatile device used to monitor and control the water level in tanks, pools, and barrels. Designed for automatic water level management, this float switch operates by detecting changes in liquid levels and triggering actions such as filling or draining based on preset limits. The durable and corrosion-resistant design ensures long-term use in both freshwater and chemically treated water environments. Equipped with a 2-meter cable, this switch is suitable for a wide range of applications, from household water systems to industrial water storage and treatment facilities.

Key Specifications of Electric Auto Float Valve:

Type: Cable Type Floating Switch

Cable Length: 2 meters (6.6 feet)

Material: High-quality, corrosion-resistant polypropylene (PP)

Working Voltage: AC 220V / 250V, 50/60Hz

Maximum Load: 10A (Ampere)

Contact Form: SPDT (Single Pole Double Throw)

Operating Temperature: 0±C to 55±C (32±F to 131±F)

Switching Capacity: 250V AC, 10A

Float Diameter: Approximately 10cm (4 inches)

Weight: 450g

Features of Electric Auto Float Valve:

Automatic Water Level Control: Accurately detects the rise and fall of water levels, automatically triggering pumps or alarms for filling or draining.

Wide Application: Suitable for use in swimming pools, water tanks, barrels, aquariums, and industrial water systems.

Corrosion-Resistant Material: Made from durable polypropylene that can withstand exposure to water, chemicals, and various fluids.

Multi-Directional Control: Can be set for either filling or draining operations depending on installation orientation.

Flexible Installation: Simple to install with a 2-meter cable, allowing for versatile placement in different tank sizes and water depths.

Cost-Efficient and Low Maintenance: Designed for long-lasting performance with minimal maintenance requirements.

High Safety Standards: Built with reliable safety mechanisms to prevent overfilling, spillage, or pump damage.

Applications:

Swimming Pools: Used to monitor and maintain water levels in residential and commercial pools.

Water Tanks: Ensures optimal water levels in domestic and industrial water storage tanks.

Barrels and Containers: Perfect for rainwater collection barrels or chemical storage units.

Irrigation Systems: Controls water levels in agricultural irrigation systems.

Aquariums and Fish Farms: Maintains the water level in fish tanks and aquaculture farms, ensuring a stable environment for aquatic life.

Why Choose Aquafit Technologies for Your Water related product

When it comes to selecting a water related product, Aquafit Technologies stands out as a top choice for several compelling reasons. Here's why our clients prefer us over others:

- 1. Economical Pricing:** We offer high-quality product at competitive prices, ensuring that you get the best value for your money without compromising on quality.
- 2. Rapid Service:** Our dedicated team provides quick and efficient service, addressing any issues or queries promptly to ensure your purifier remains in optimal condition.
- 3. EMI Opportunities:** To make our products more accessible, we offer EMI options, allowing you to spread the cost of your purchase over manageable monthly payments.
- 4. Extensive Service Network:** With over fifty service centers across Bangladesh, we ensure that help is always close by, no matter where you are.
- 5. Affordable Parts:** We provide parts at the lowest prices, making it

economical to maintain your product and keep it running efficiently.

7. **24/7 Service Centers:** Our service centers operate around the clock, offering support whenever you need it, including evenings and weekends.

8. **100% Return Policy:** We stand by the quality of our products with a 100% return policy on any default items, ensuring complete customer satisfaction.

9. **Client Satisfaction First:** At Aquafit Technologies, we prioritize client satisfaction above all else, striving to exceed your expectations with every interaction.

10. **Flexible Payment Options:** We accept payments through more than 20 bank cards and mobile banking services, making transactions convenient and hassle-free.

Choosing Aquafit Technologies means opting for quality, reliability, and exceptional customer service. Experience the difference with our top-rated products and join the many satisfied clients who trust us for their water purification needs.
